STEM NIGHT IN A BOX

STEM NIGHT in a BOX CodeVA
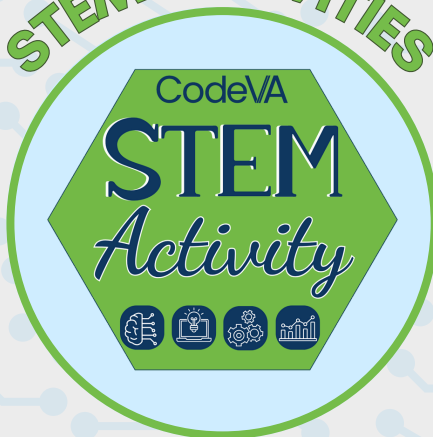

Educate

Innovate

Elevate

Our all new STEM Activities are a complete guide for bringing a variety of individual CS focused STEM stations or tables to life in your classroom, school, or educational organization!
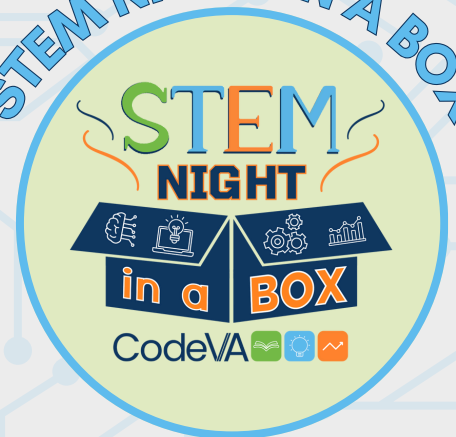

These Eureka Kits are fully curated sets of materials, instructions, and additional support resources for implementing each individual STEM Activity developed by CodeVA!

Take it beyond a single activity and get a five kit bundle of our Eureka Kits for our STEM Activities to host your own STEM event with our upcoming STEM Night in a Box Program!

A Focus on Highlighting CS in STEM

CodeVA's STEM Activities incorporate standard alignment information in relation to the six strands of the Virginia Computer Science Standards of Learning.

- Algorithms & Programming
- Computing Systems
- Cybersecurity
- Data & Analysis
- Impacts of Computing
- Networks & the Internet
